

2026 JUST GOT BIGGER

More Included. More Capability. More Confidence.
Secure your 2026 AOR before 31 March to lock in current pricing ahead of the April increase.

Up to \$23k in savings & premium upgrades now included as standard. All built in. Not added on.

What's Now Included Standard (from April 2026)

- 6 year warranty for long term peace of mind
- 5 year roadside assistance for support wherever you travel
- Disc brakes for improved performance & safety
- Basic airbag system for easier levelling & enhanced ride control
- 525W solar (3 panels) for extended off grid capability
- 600Ah lithium for serious energy independence
- 3000W inverter to power more of what matters
- CompoCloset Cuddy Toilet - composting, low maintenance, self contained solution
- Premium white gloss fibreglass finish (AOR signature colour wraps also available)
- 265L total water capacity with grey water & a split tank configuration
- External sail track (driver's side)
- Awning arm covers
- Toilet cover
- Storage cabinet at the end of seat module (excluding Odyssey)

- All internal (dimmable) & external lighting included
- 2 x wall-mounted 12V fans
- Entry door grab handle
- Internal 240V power points, USB outlets & 12V sockets throughout
- Reading stalk lights

Model Updates

- Matrix – External kitchen now included as standard.
- Odyssey – Breaksafe, 2300 ATM and drawbar storage boxes now included.
- (Standard remains 300Ah batteries and 2000W inverter.)
- Electric (gas-less) model variations are also available at the same base price as gas setups.

What this means for you

- Up to \$23,000 worth of added value
- Worry free travel with 6 years of warranty
- Pricing before the 1 April increase
